Dear friends,

A year from now we will meet in Copenhagen, Denmark, for the 2014 IASK conference (May 1-4). The theme of the Conference this year is: **Increasing Awareness in a Changing World**. We are getting more and more excited, as time gets closer, and we are working intensely on making the conference a big success.

Presenters and yourselves

Great people from around the world will be here and share their invaluable knowledge with us all. You will meet

- **Harald Blomberg** (Sweden): 'Body Awareness and increasing stress in a changing world'
- **Natalie Davenport** (UK): 'Perceptual Bodywork - PB - Keeping Kinesiology simple'
- **Grethe Fremming** (Denmark) 'Transformational Kinesiology and The Psychology of Joy'
- **Kathie Guhl** (USA): 'Fight/Flight/Freeze and the Soul Freeze Balance'
- **Clovis Horta Correa** (Brazil) 'Emotions - What are they?'
- **Rachel Lead** (UK) 'Two Pointing - the essence of PB - and the 5 Elements'
- **Adam Lehman** (USA): The title of his presentation will be announced later.
- **Sylvia Marina** (Australia): 'Transforming DNA memories'
- **Mac Pompeius Wolontis** (Sweden): The title of his presentation will be announced later.
- **Marco Rado** (Italy): Integrative neurocardiology - The Heart-Mind relationship
- **Matthew Thie** (USA): The title of his presentation will be announced later.

Also, and this is at least as important as the time spent with our speakers, **you will meet fellow specialized kinesiologists from all over the world**. The sharing of information about what's happening in our field everywhere, the creation and/or strengthening of networks, the in-depth discussion of a chosen concept in the IASK Forum, the presentations of "Your best idea" will be enriching for us all. to us, and we will help you spread this information through our website, our Newsletter or in the conference manual.

Workshops

We shall have a pre-conference workshop with **Harald Blomberg** on **April, 30th** and a post-conference workshop with **Kathie Guhl**, **May 4th** afternoon and evening and **Monday May 5th**.

Our presenters have very generously offered to very substantially lower the tuition of their workshops for the conference participants to 70 € per day and IASK will help by paying half the tuition for the Ethics workshops.

We believe indeed, that at this time of transition, when the world is changing very fast, we need even more awareness and ethical guidelines. In our profession, being ethical is of vital importance. This is the reason why we chose to offer you, conference participants, the 2 days of **Ethics 1 and 2** workshops by Kathie Guhl and Debra Burchard **at half price**. Sign up early to help Harald and Kathie organize their workshops.

My best idea

In case you have some experience from your work with clients, may be some “homeplay”, or an “Aha!” from your teaching a workshop, which has helped you in your daily work as a practitioner, or anything you want **to share with all the other conference participants**, we would be happy to welcome your best idea.

Here is what you might choose to do:

- Scan through you brain to find one or more ideas, you want to share
- Give it a title
- Write a few paragraphs about the contents
- Send it to info@iask.org before March 1st 2014. You will get a receipt, so you know that we have received your information.

You will have 10 – 15 minutes on the stage to present your Best Idea. You are welcome to bring “hand outs” for the participants. We will do whatever we can to provide you with the equipment you might need.

Posters

You might have something from your personal research or networking you want to present at the Copenhagen Conference Find a project, you have participated in or are participating in and want to share. Here is what you might choose to do:

- Write us some paragraphs about the contents, a kind of abstract

We are looking very much forward to hear from you, as we believe in networking and shared information between colleagues of all disciplines, conventional and complementary. Spread the information

Tell colleagues and friends about the 2014 conference, and ask those who were in Denmark in 1999 or 2005 about their experience of being here.
